- Gain the competencies required to properly prepare shipments containing dangerous goods for air transport according to the current edition of the IATA Dangerous Goods Regulations (DGR) manual. Apply the IATA DGR manual, perform the responsibilities involved in preparing a dangerous good shipment for air transport.
- Understand the legal responsibilities involved with the transportation of dangerous good.

Course Description

- This course will be presented with the use of handouts, slides, video's, practical exercises, group discussions and games.
- The course will finish with an open-book examination.

Prerequisites

- Previous DG knowledge is not required.
- The IATA Dangerous Goods Regulations and all course materials are presented in English.
- The classroom facilitation can be given in English, Danish or Swedish.

Duration

1 Days (8 hours)

Learning Outcomes

- Understand the basis and applicability of the IATA DGR
- Understand the limitations and apply the states and operation variations
- Identify the 9 hazard classes
- Apply the applicable special provisions
- Apply the provisions for packing, marking and labelling of dangerous goods shipments
- State the relevant emergency response and reporting procedure
- Security provisions

Certificate and further training

A certificate is awarded upon successful completion of the course and scoring a minimum of 80% in the final exam.

Note: The exam will last approximately 2 hours.

In order to keep this certificate validated, recurrent training must be provided within 24 months of the previous course. This also ensures knowledge is up-to-date.
