
ICAO/IATA CATEGORY 1,2 CUSTOM (Shippers & Packers)**

UN3373 & UN1845 ONLY (**Can be customized to other types of DG)

Course Objectives

- Gain the competencies required to prepare shipments containing dangerous goods* for air transport according to the current edition of the IATA Dangerous Goods Regulations (DGR) manual.
- Apply the IATA DGR manual, perform the responsibilities involved in classifying, identifying, packing, marking, labelling and documenting dangerous goods.*
- Understand the legal responsibilities involved with the transportation of dangerous goods.

Course Description

- This course will be presented with the use of handouts, slides, video's, practical exercises, group discussions and games.
- The course will finish with an open-book examination.

Prerequisites

- This course is designed for people with no previous DG knowledge.
- The IATA Dangerous Goods Regulations and course materials are presented in English.
- The classroom facilitation can be given in English, Danish or Swedish.

Duration

1 Day (8 hours)

Learning Outcomes

- Understand the basis and applicability of the IATA DGR
- Apply the states and operation variations
- Identify the 9 hazard classes with emphasis on UN3373 & UN1845
- Apply the applicable special provisions
- Apply the provisions for packing, marking and labelling of shipments containing UN3373 & UN1845
- Complete transport documentation (dangerous goods documentation and air waybill - AWB) and any other accompanied documents
- State the relevant emergency response and reporting procedure
- Security provisions

Certificate and further training

A certificate is awarded upon successful completion of the course and scoring a minimum of 80% in the final examination.

In order to keep the certificate validated, recurrent training must be provided within 24 months of the previous course. This also ensures knowledge is up-to-date.

***Dangerous Goods covered in this course:**

- UN3373 Biological Substance, Category B
- UN1845 Dry Ice
- UN3245 Genetically Modified Organisms
- Lithium Batteries, Section II only.

** This course can be customized to other types of DG. [Contact us](#) and we'll find a solution.
